

## Cookies

Please note that in order for us to provide you with optimum service, we use 'cookies' on our website. A cookie is a text-only string of information that a website transfers to the cookie file of the browser on your computer's hard disk so that the website can remember who you are. Cookies will typically contain the name of the domain from which the cookie has come, the "lifetime" of the cookie, and a value, usually a randomly generated unique number.

Two types of cookies are used on our site - session cookies, which are temporary cookies that remain in the cookie file of your browser until you leave the site, and persistent cookies, which remain in the cookie file of your browser for much longer (though how long will depend on the lifetime of the specific cookie).

Cookies allow us to obtain information regarding users of our site which essentially helps us to provide you with a better user experience and tailor our services to your individual needs. We may collect information such as your IP address, online activity, web browser details and online activity. We will not however collect or store any of your passwords or other highly sensitive data.

**By using our site with your browser settings adjusted to accept all cookies, we will take this to mean that you want to use our products and services, and that you consent to our use of cookies and other technologies as described in this Policy.**

**Browser settings:** Most browsers have options that allow the visitor to control whether the browser will accept cookies, reject cookies, or notify the visitor each time a cookie is sent. You may elect to reject cookies by adjusting your browser's settings, but doing so will limit the range of features available to the visitor on our site and most other major websites that use cookies. We use the following types of cookies on our website:

### Category 1: Strictly Necessary Cookies

These cookies are essential in order to enable you to move around the website and use its features, such as accessing secure areas of the website. Without these cookies certain services you have asked for cannot be provided.

### Category 2: Analytical / Performance Cookies

These cookies collect information about how visitors use a website, for instance which pages visitors go to most often, and if they get error messages from web pages. These cookies don't collect information that identifies a visitor. All information these cookies collect is aggregated and therefore anonymous. It is only used to improve how a website works.

### Category 3: Functionality Cookies

These cookies are used to recognise you when you return to our site. This enables us to personalise our content for you, greet you by name and remember your preferences (for example, your choice of language or region).

By using our site, you agree that we can place these types of cookies on your device.

### Further information

To find out more information about cookies, please visit [www.allaboutcookies.org](http://www.allaboutcookies.org).

## 10. External Links

Our website may contain links to third party or external sites which are not directly related to Blackfast Australia and owned by third parties. It is our goal to link only to reputable and relevant sites to our industry. Please be aware that Blackfast Australia does not monitor and is in no way responsible for the content or privacy practices of any such third party sites. This Policy covers websites owned and controlled by us only. Links to other websites and any information collected by these sites are not covered by this privacy statement.
